MITRANSFER PATHWAYS

ARTICULATION AGREEMENT

PSYCHOLOGY

TO: MiTransfer Pathway Psychology Participating Institutions

FROM: Michigan Community College Association, Michigan Association of State Universities, Michigan Independent Colleges and Universities

SUBJECT: MiTransfer Join/Modify Summary

The MiTransfer Pathways agreement, signed on December 9, 2019 provides for institutions to modify worksheets and equivalencies or join the MiTransfer Pathways agreement. The MCCA, MASU, and MICU worked with institutions to make the following adjustments to the Psychology Pathway:

PSYCHOLOGY

FALL 2020 JOIN/MODIFY

MITRANSFER PATHWAYS ARTICULATION AGREEMENT: PSYCHOLOGY

OVERVIEW

In Fall 2017, the Michigan Community College Association (MCCA) and the Michigan Association of State Universities (MASU) received a one-time appropriation from the state of Michigan to support the development of multi-institutional associate to bachelor's degree transfer pathways. MCCA and MASU in partnership with the Michigan Independent Colleges and Universities (MICU) and the Michigan Association of Collegiate Registrars and Admissions Officers (MACRAO) convened the Transfer Steering Committee with more than 30 representatives from colleges and universities from across the state to develop the MiTransfer Pathways project. The MiTransfer Pathways project plan selected 12 programs with high enrollment and/or high labor market demand. The goal of the project was to build multi-institutional transfer pathways so students can enroll at any participating community college, complete an associate degree, transfer, and complete a bachelor's degree in the identified program of study.

In spring and fall of 2018, psychology faculty from community colleges, public universities, and independent colleges and universities in Michigan met to identify courses that are required, recommended, optional or appropriate in the first and second year of the bachelor's degree programs at all participating universities. We refer to these commonly required courses as "MiTransfer Pathways courses." The MiTransfer Pathways courses in psychology are:

- Introduction to Psychology
- Abnormal Psychology
- Developmental Psychology
- Social Psychology

These courses have been reviewed by receiving institutions and will be accepted for transfer and applied to the psychology program at all participating institutions (unless otherwise indicated in this agreement). The participating institutions agreed to establish direct equivalencies between these courses. Direct equivalencies are established when a course at the sending institution transfers as a direct equivalent to the course at the receiving institution and the credit is transcripted as a department and number (i.e. PSYCH 105) instead of department and no number (i.e. PSYCH GEN or PSYCH 100X). Direct equivalency is preferred because students can see how the transferred course applies to the degree program.

In addition to identifying MiTransfer Pathways courses as described above, the faculty also identified Remaining Degree Requirements. The Remaining Degree Requirements identified by receiving institutions (universities) include courses that students can transfer from the community college but were not identified as MiTransfer Pathways courses because they were not accepted at every participating receiving institution. The Remaining Degree Requirements identified by sending institutions (community colleges) included courses or requirements that meet community college degree requirements but will not necessarily transfer to participating universities. Participating

institutions submitted program worksheets (see Appendices A and B) that outlined these courses. Participating institutions will use these worksheets to communicate requirements to students.

TERMS OF THE AGREEMENT

1. This agreement is effective on December 6, 2019.

2. Participating institutions agree that all courses must be completed with a grade of C (2.0) or better unless otherwise indicated by the receiving institution.

3. Participating institutions agree that to use this agreement, students must apply and be admitted to the participating institution and to the program if the program requires secondary admission. Receiving institutions agree to communicate the application process for institution and program admissions for transfer students on a publicly available website and through advising.

4. Participating institutions agree to accept the Michigan Transfer Agreement (MTA) in accordance with the institutions' MTA policy.

5. Participating institutions agree to award equivalent credit for MiTransfer Pathways courses (see Course Equivalency Matrices in Appendix C) and apply courses to the bachelor's degree requirements unless otherwise noted in the Course Equivalency Exceptions documented in Appendix D. If no direct equivalent exists because the course is not offered or required at the receiving institution, then the receiving institution agrees to accept the course and apply the course toward the Psychology degree program. If the community college does not offer the course, the community college should communicate this information to students on a publicly available website and/or the Michigan Transfer Network at mitransfer.org and help students find an equivalent course at other institutions.

6. Participating institutions agree to upload course equivalencies for MiTransfer Pathways courses to the Michigan Transfer Network at mitransfer.org.

7. Receiving institutions agree to accept the Remaining Degree Requirements as outlined in the receiving institutions' Program Worksheet included in Appendix B. Participating institutions agree to work toward awarding direct equivalency for Remaining Degree Requirements, apply courses to the bachelor's degree requirements, and add course equivalencies to the Michigan Transfer Network.

8. Sending institutions agree that Remaining Degree Requirements identified by community colleges that are not required by the receiving institution may not transfer or may not apply to bachelor's degree requirements at the receiving institution.

9. Alternative credit awarded by the sending institution through AP, CLEP, IB, credit earned through credit for prior learning, or other means may be accepted and applied to the degree program at the discretion of the university. Sending institutions may apply alternative credit to the associate degree, but students should confirm whether or not credit is acceptable at receiving institutions.

10. Students may earn credit from multiple institutions as long as the course was completed at a sending institution that is participating in the agreement. There is no assurance that credits earned from institutions not participating in the agreement will apply.

11. Participating institutions agree to maintain up-to-date course equivalencies and information about their participation with this agreement. This information will be made publicly available through their own systems and on the mitransfer.org website.

12. In the performance of their respective duties and obligations under this Agreement, each Party is an independent contractor, and neither is the agent, employee, or servant of the other. Each is responsible only for its own conduct.

MAINTENANCE AND REVIEW

Modifications to Worksheets and Equivalencies

Colleges and universities will use the worksheets in Appendix A and B as the basis to advise transfer students. Any changes to program worksheets in Appendix A and B should be communicated to participating institutions as soon as possible to avoid students completing courses that will not transfer. Changes may include:

- Adding programs in the pathway (e.g., add Environmental Studies to the Biology pathway);
- Modifying, removing, or adding MiTransfer Pathways courses;
- Modifying, removing, or adding courses to the Remaining Degree Requirements;
- Materially modifying the educational experience or content of the MiTransfer Pathways courses.

If any of the aforementioned changes occur, participating institutions are expected to communicate with their sector representative from the Michigan Association of State Universities (MASU), Michigan Community College Association (MCCA), or Michigan Independent Colleges and Universities (MICU). These changes will be vetted among participating institutions, including reviewing and establishing equivalencies where needed. Changes to the worksheets and equivalencies will be documented and available at mitransfer.org website.

Joining the Agreement

Institutions can join the agreement at any time and should contact their sector representative at the Michigan Association of State Universities, the Michigan Community College Association, or the Michigan Independent Colleges and Universities. Institutions that join the agreement will be required to comply with the terms of the agreement.

Renewing the Agreement

This agreement will be up for renewal on June 30, 2022. The Michigan Community College Association, the Michigan Association of State Universities, and the Michigan Independent Colleges and Universities agree to coordinate renewal of this agreement during the 2021-2022 academic year. Participating institutions may choose to leave the agreement at that time.

MITRANSFER PATHWAYS ARTICULATION AGREEMENT: PSYCHOLOGY

SIGNATURES

By signing this agreement, institutions agree to the terms of the agreement and maintenance and review.

APPENDIX A:

Participating Community College MiTransfer Psychology Pathway Worksheets

PSYCHOLOGY MITRANSFER PATHWAY

DEGREE PROGRAM INFORMATION

Institution	**Alpena Community College**
Degree/Program	**Associate in Arts/Psychology**
Credits Required	**60**

MICHIGAN TRANSFER AGREEMENT (MTA)

The MiTransfer Pathways builds on the Michigan Transfer Agreement (MTA). The MTA allows transfer students to select designated courses to complete a minimum of 30 credit hours fulfilling MTA distribution requirements. Students following MiTransfer Pathway agreements should complete the MTA in accordance with the sending institutions' course designations and consider whether any recommended MiTransfer Pathways major-specific courses will "double count" to fulfill MTA distribution requirements in planning their transfer. More information about the MTA is available at www.mitransfer.org.

The MTA Mathematics distribution area allows students to complete one of three math pathways. The Psychology MiTransfer Pathways faculty recommended that students complete a course in the Statistics pathway.

MITRANSFER PATHWAYS COURSES

These courses are commonly agreed upon for transfer in this program around the state among participating institutions.

Pathway Course	**Subject/ Course Number**	**Course Title**	**Credit Hrs**
Introduction to Psychology	PSY 101	General Psychology	3
Abnormal Psychology	PSY 242	Abnormal Psychology	3
Developmental Psychology	PSY 226	Developmental Psychology	3
Social Psychology	PSY 241	Social Psychology	3
		TOTAL CREDITS	12

REMAINING DEGREE REQUIREMENTS

These are additional associate degree requirements that are not MTA or MiTransfer Pathways courses. They may not be accepted for transfer by universities participating in the agreement. If there are remaining hours, use the Remaining Degree Requirements in Appendix B identified by the university to which the student plans to transfer to select courses that meet bachelor's degree requirements.

General Education or Program Requirement	**Subject/ Course Number**	**Course Title**	**Credit Hrs**
Electives- selected based on transfer institution requirements			19
Additional Humanities/Fine Arts credits (minimum 8 credits of Humanities/Fine Arts from more than one discipline)	students can select from the list of ACC Humanities/Fine Arts-eligible courses		2
American Government requirement	PLS 221 or 222; or HST 221 and 222	American Government and Politics or State and Local Government; US History I and US History II	**MTA Social Science**
English Composition II	ENG 112	English Composition II	**MTA 2nd writing**
		Remaining hours	21
		TOTAL CREDITS	60

DEGREE PROGRAM INFORMATION

Institution	**Henry Ford College**
Degree/Program	**AA Liberal Arts/Area of Study Psychology**
Credits Required	**60**

MICHIGAN TRANSFER AGREEMENT (MTA)

The MiTransfer Pathways builds on the Michigan Transfer Agreement (MTA). The MTA allows transfer students to select designated courses to complete a minimum of 30 credit hours fulfilling MTA distribution requirements. Students following MiTransfer Pathway agreements should complete the MTA in accordance with the sending institutions' course designations and consider whether any recommended MiTransfer Pathways major-specific courses will "double count" to fulfill MTA distribution requirements in planning their transfer. More information about the MTA is available at www.mitransfer.org.

The MTA Mathematics distribution area allows students to complete one of three math pathways. The Psychology MiTransfer Pathways faculty recommended that students complete a course in the Statistics pathway.

MITRANSFER PATHWAYS COURSES

These courses are commonly agreed upon for transfer in this program around the state among participating institutions.

Pathway Course	**Subject/ Course Number**	**Course Title**	**Credit Hrs**
Introduction to Psychology	PSY/131	Introductory Psychology	3
Abnormal Psychology	PSY/251	Abnormal Psychology	3
Developmental Psychology	PSY/253	Lifespan Psychology	3
Social Psychology	PSY/ 254	Social Psychology	3
		TOTAL CREDITS	12

REMAINING DEGREE REQUIREMENTS

These are additional associate degree requirements that are not MTA or MiTransfer Pathways courses. They may not be accepted for transfer by universities participating in the agreement. If there are remaining hours, use the Remaining Degree Requirements in Appendix B identified by the university to which the student plans to transfer to select courses that meet bachelor's degree requirements.

General Education or Program Requirement	**Subject/ Course Number**	**Course Title**	**Credit Hrs**
HFC/ ILO	CIS/100 Wellness	Introduction to Information Technology Any Wellness	3 2
Electives -selected based on the transfer institution's requirements.	Students are encouraged to consider additional psychology electives after checking on transferability.		16
		Remaining hours	16
		TOTAL CREDITS	60

Program Requirement	Social Science/Personal & Cultural Engagement	Many Options – other than PSYC	3
Program Requirement	Service Learning Endorsement (SERV 100 or SERV 200 or completed in another course)	Service Learning	0-3
		Remaining hours (transfer electives)	16-19

ADVISING NOTES

Please indicate any advising notes for students following this transfer pathway at your institution.
Students should seek an appointment with an Academic Advisor to determine courses which best meet individual academic goals and to discuss transfer options including verifications of courses towards the completion of the Michigan Transfer Agreement (MTA). Students must complete a minimum of 60 credits in approved courses to earn a degree at Kellogg Community College with a minimum cumulative grade point average of 2.0 or higher. Contact Academic Advising at kellogg.edu/advising or call 269-965-4124.

Service-Learning endorsement is required! Additional required degree criteria is listed in the KCC Academic Catalog under degree and certificate requirements.

Each student will take a combination of courses to reach the minimum requirement of 60 credit hours for the degree. Students should work with the Academic Advisor to select coursework based on individual academic and transfer goals. Additional coursework selections are provided in the Academic Catalog under the Associate of Arts degree information.

The MiTransfer Pathways builds on the Michigan Transfer Agreement (MTA). The MTA allows transfer students to select designated courses to complete a minimum of 30 credit hours fulfilling MTA distribution requirements. Students following MiTransfer Pathway agreements should complete the MTA in accordance with the sending institutions' course designations and consider whether any recommended MiTransfer Pathways major-specific courses will "double count" to fulfill MTA distribution requirements in planning their transfer. More information about the MTA is available at www.mitransfer.org.

The MTA Mathematics distribution area allows students to complete one of three math pathways. The Psychology MiTransfer Pathways faculty recommended that students complete a course in the Statistics pathway.

MITRANSFER PATHWAYS COURSES

These courses are commonly agreed upon for transfer in this program around the state among participating institutions.

Pathway Course	**Subject/ Course Number**	**Course Title**	**Credit Hrs**
Introduction to Psychology	PSYCH 201	Introductory Psychology	4
Abnormal Psychology	PSYCH 239	Abnormal Psychology	3
Developmental Psychology	PSYCH 229	Life-Span Developmental Psychology	4
Social Psychology	PSYCH 207	Social Psychology	4
		TOTAL CREDITS	15

REMAINING DEGREE REQUIREMENTS

These are additional associate degree requirements that are not MTA or MiTransfer Pathways courses. They may not be accepted for transfer by universities participating in the agreement. If there are remaining hours, use the Remaining Degree Requirements in Appendix B identified by the university to which the student plans to transfer to select courses that meet bachelor's degree requirements.

General Education or Program Requirement	**Subject/ Course Number**	**Course Title**	**Credit Hrs**

*transfer students can count a max of 16 credits of PSY transfer credit to the MSU PSY requirements.

REMAINING DEGREE REQUIREMENTS

These are required, recommended, or optional courses that transfer students could complete at a community college to fulfill degree requirements at the university/ receiving institution

General Education or Program Requirement	Subject/ Course Number	Course Title	Credit Hrs
Program Requirement	MTH 103	College Algebra	3
Program Electives	Variable	Variable	28
		CC Only: Add remaining hours	
		TOTAL CREDITS	up to 32

**BA students have 28 credits of electives in their degree so transfer students are welcome to select other transferable credits that they are interested in.

PSYCHOLOGY PROGRAM WORKSHEET

Institution	**Michigan Technological University**
Degree/Program	**Bachelor of Science in Psychology**
Credits Required	**123 Credits**

MICHIGAN TRANSFER AGREEMENT (MTA)

The MiTransfer Pathways builds on the Michigan Transfer Agreement (MTA). The MTA allows transfer students to select designated courses to complete a minimum of 30 credit hours fulfilling MTA distribution requirements. Students following MiTransfer Pathway agreements should complete the MTA in accordance with the sending institutions' course designations and consider whether or not any recommended MiTransfer Pathways major-specific courses will "double count" to fulfill MTA distribution requirements in planning their transfer. Be aware that "double count" policies differ from institution to institution. More information about the MTA is available at www.mitransfer.org.

The MTA Mathematics distribution area allows students to complete one of three math pathways. The Psychology MiTransfer Pathways faculty recommended that students complete a course in the Statistics pathway.

MITRANSFER PATHWAYS COURSES

These courses are commonly agreed upon for transfer in this program around the state among participating institutions.

Pathway Course	Subject/ Course Number	Course Title	Credit Hrs
Introduction to Psychology	PSY 2000	Introduction to Psychology	3
Developmental Psychology	PSY 2300	Developmental Psychology	3
Abnormal Psychology	PSY 3030	Abnormal Psychology	3
Social Psychology	PSY 3720	Social Psychology	3
		TOTAL CREDITS	12

REMAINING DEGREE REQUIREMENTS
